Eclectic Urban explorer

Mimetizzarsi negli scorci metropolitani.

Affrontare il vento con geometrie di colore.
Il windbreaker contemporaneo è ultraleggero e ultratecnico, colorato, funzionale, dai volumi comodi ma non esasperati, impalpabile.

Esploriamo la città nei suoi angoli nascosti e nei suoi contrasti di superfici, che diventano contrasti di materiale , opaco ,tattile ed extralucido.

Gli accostamenti di colori sono decisi e senza compromessi, tonali con giochi di luci e materiali o di forti contrasti ,come le luci di una città che si susseguono davanti agli occhi di chi la guarda.
I classici intramontabili come la piuma e il cotone, traghettano la storia di clesse piumini dal 1976 nel presente.

Un occhio ad un passato non troppo lontano, di avventure che prendono nuove forme, proiettandosi verso il futuro.

Blend in the metropolitan views.

Face the wind with color geometries.
The contemporary windbraker is ultralight and ultra-technical, colorful, functional, with comfortable volumes but not exaggerated, weightless. We explore the city in hidden corners and in contrast surfaces,that become contrasts of material, opaque, tactile and extra-glossy. The color combinations are bold and uncompromising, tones with plays of light and materials or sharp contrasts, like the lights of a city skyline.

Timeless classics such as the Down and the Cotone , lead the story of Clesse Piumini from 1976 to the present: an eye from a past of adventures that takes new forms, projected towards the future.
