

**CIESSE
PIUMINI**

Tomorrowland

Tradizione e natura contaminati da futuro e tecnologia, la collezione Ciesse Piumini vive di diverse anime, sospesa tra mondi differenti.

Design metropolitano con l'anima dell'avventura e della sfida.

Materiali performanti come il 3 layers termonastrato o coated cotton, perfettamente adatti anche a situazioni atmosferiche avverse, nylon superleggeri imbottiti in piuma 800 fillpower con armature ripstop, conferiscono ai piumini una grinta sportiva, senza mai perdere il feeling contemporaneo dal gusto semplice e sofisticato, riadattati a un uso quotidiano.

24 hours urban outdoor, che si adatta alle tue esigenze.

Dal grigio cemento delle architetture urbane ai colori caldi delle avventure nel deserto, un tributo alle storiche Parigi Dakar che hanno fatto la storia di Ciesse Piumini, illuminati da tocchi di colore dinamici e freschi.

Uno sguardo al passato per guardare attraverso il futuro.

Tradition and nature contaminated by future and technology: the Ciesse Piumini collection lives of different souls, suspended between different worlds.

Metropolitan design with the soul of adventure and challenge.

Performance materials such as the thermo-taped or coated cotton 3 layers, suited to adverse weather conditions, superlight nylon padded with 800 fillpower down with the traditional outdoor ripstop, gives an utility touch, without ever losing the contemporary feeling and a simple and sophisticated taste, adapted to daily use.

24 hours urban outdoor, that follows your needs.

From the cement gray of urban architectures to the warm colors of desert adventures, a tribute to the historical Paris Dakar that made the history of Ciesse Piumini, illuminated by dynamic and fresh touches of color.

We go travel through a past history to tell a new one.

We travel trough a past history
to tell a new one

www.ciessepiumini.it

The background of the entire image is a vibrant blue with a crinkled, textured appearance, similar to a piece of plastic or a draped fabric. The lighting creates subtle gradients and highlights across the folds and creases.
